

SURGICOLL-MESH® (Membrane Form)

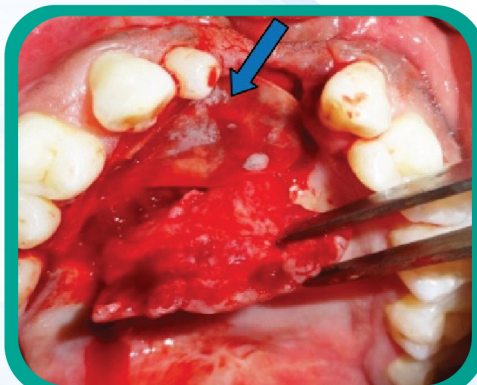

Innovative Technology Product For Treatment of Cleft Lip and Palate

Surgicoll-Mesh® (Membrane Form)

Surgicoll-Mesh offers clear advantages over synthetic and other collagen products for the treatment of cleft lip and palate. It acts as a scaffold that can be naturally and progressively integrated, remodeled and eventually replaced by functional host tissue.

Oronasal fistula in the
anterior palate

Collagen membrane placed
over repaired nasal layer

Post-op 6 months
No recurrence

Manufactured & Marketed by:
